

# THE ARMORY

1911 • M1A • M1 GARAND

**RO®**  
PI9129LP RANGE OFFICER®

The Range Officer® has the same quality forged frame and slide as the Trophy Match™ and TRP™ 1911s. It gets the same precision fit as these pistols, too. Add in the same stainless steel barrel and bushing, and you have a pistol that shoots well beyond its price tag. The Range Officer® is topped with a fully-adjustable rear target sight, so you have maximum flexibility. The beavertail grip safety, extended trigger and flat mainspring housing allow the pistol to sit in your hand comfortably for long periods of time at the range. The single-sided, extended thumb safety keeps things simple and functional. It all adds up to a pistol that will let you seriously compete in a variety of matches.
